Mission Statement:

Our goal is to provide the best possible instruction within a professional, fun and organized atmosphere. We encourage family involvement and appreciate your suggestions. Personal growth is our mission.

DANCE: We currently have lessons available for ages 12 months thru Adult in the following disciplines: Jazz, Hip Hop, Tap, Lyrical, Musical Theater, Modern/ Contemporary, Ballet/Technique, Pre-Ballet, Pre-Pointe, Pointe, Tumbling, Creative Movement, Break Dance, Stretch & Strength, Princess Dance, and Storybook Dance. Bollywood & Bellydance also available upon request. For children ages 12 months through five years, our courses focus on the basics of dance, body movement and poise, while encouraging students to have fun at the same time. For students five years and older, our courses include more intricate dance steps appropriate for their level of coordination and physical development. AST/PDC also offers competition classes for those who wish to develop their skill and talent competitively. Placement in these classes is based on age and ability and must be approved by our instructors. Our courses begin in the fall and are completed in June, with a recital for family & friends. Various competitions are held during the Spring.

MUSIC: AST/PDC offers Movement & Music classes for infants and small children, accompanied by an adult. We also offer voice and piano lessons for children ages 4 & up, teens and adults on an individual basis. Please contact us for more information and scheduling.

MORE: In addition to traditional dance & music classes, we also offer audition preparation, Model/Actor's Talent Workshop, workshops with guest instructors and agents, Summer Camps & Workshops, Dance-themed Birthday Parties and more. Please check our website regularly for exciting new events!
